

Black letters are mainly descriptions of patterns.

Blue letters are descriptions of polar caps and clouds.

Brown letters are the description about dust.

Red is a special note.

2021 年 1 月 17 日

Zsolt Kereszty は、Hellas 付近が白い雲に覆われている様子を記録している。前日の 16 日に見られた様子を同じだ。Dmitry W. von Aichegg の画像でもかすかにその様子が分かる。南半球のベルト状の雲は今日も健在で、永長の観測では部分的に濃い部分のある様子が記録された。

(by 6 observations; reported by Makoto Adachi)

Zsolt Kereszty records that the area around Hellas is covered with white clouds. It's the same as what was seen on the 16th of the previous day. The image of Dmitry W. von Aichegg also shows the situation faintly. Belt-shaped clouds in the Southern Hemisphere are still alive today, and Eicho's observations have recorded partial darkening.
