

Black letters are mainly descriptions of patterns.

Blue letters are descriptions of polar caps and clouds.

Brown letters are the description about dust.

Red is a special note.

井上の画像によれば、Hellas の西側が、小さく明るく見えているようだ。それ以外は、暗くなっている。明るい部分は、Hellas 盆地の一番深いところで、沈積物のために、明るく見えていると思われる。

2021, Feb. 08

According to Inoue's image, the west side of Hellas looks small and bright. Other than that, it's dark. The bright areas appear to be brighter in the deepest part of the Hellas basin due to sediments.
