

Black letters are mainly descriptions of patterns.

Blue letters are descriptions of polar caps and clouds.

Brown letters are the description about dust.

Red is a special note.

Eric Sussenbach の画像では、Nilokeras (50W,+30)がよく見えるようになり、赤道が中心に近くなった感じがする。Mare Acidarium (20~45W,+40~55)の北に白雲が2つ見える。珍しい姿だ。

In Eric Sussenbach's image, Nilokeras (50W,+30) became more visible, and the equator seemed to be closer to the center. Two white clouds can be seen north of Mare Acidarium (20~45W,+40~55). It's a rare sight.
