

Black letters are mainly descriptions of patterns.

Blue letters are descriptions of polar caps and clouds.

Brown letters are the description about dust.

Red is a special note.

2022 年 9 月 9 日 (2022, Sep. 09)

Randy Tatum は Mare Acidarium (20~45W,+40~55)の白雲の濃い部分を、前日と同じような姿で記録している。しかし、Vicent Gonzalez Cebria は二つあった雲のうち、東側の雲が変化した姿を記録し、今日は南東方向にのびた姿になった。比較的大きな変化である。Antonio Cidadao もその様子を記録している。

Randy Tatum recorded the dark part of the white clouds of Mare Acidarium (20~45W, +40~55) in the same way as the day before. However, Vicent Gonzalez Cebria recorded a change in the form of the eastern cloud of the two clouds, and today it stretched to the southeast. This is a relatively large change. Antonio Cidadao also recorded the scene.

(by 5 observations; reported by Makoto Adachi)
