

Black letters are mainly descriptions of patterns.

Blue letters are descriptions of polar caps and clouds.

Brown letters are the description about dust.

Red is a special note.

伊藤の画像は、北半球のダストの様子がよくわかる。GANGES (60W-70W, 0-+17)が雲の影響を受けて細くなって見えているのが面白い。

Ito's image clearly shows the state of dust in the northern hemisphere. It is interesting that GANGES (60W-70W, 0-+17) appears thin due to the influence of clouds.

(by 3 observations; reported by Makoto Adachi)
