

Black letters are mainly descriptions of patterns.

Blue letters are descriptions of polar caps and clouds.

Brown letters are the description about dust.

Red is a special note.

Olympus Mons (135W,+25)の位置から明るい部分が西の方向に伸びている様子がみえる。微妙な明るさなので、実在の雲かどうかは分からないが、面白い姿だ。

From the position of Olympus Mons (135W, +25), a bright area can be seen extending westward. Because the brightness is subtle, it is unclear whether it is a real cloud or not, but it is an interesting sight.
