

Black letters are mainly descriptions of patterns.

Blue letters are descriptions of polar caps and clouds.

Brown letters are the description about dust.

Red is a special note.

2025 年 7 月 5 日 (2025, Jul. 05)

今日は一人の観測だった。観測条件は良くなかったようだ。しかし、NPC 付近がダスティーだったこと。Hellas (275~315W,-30~60)は白雲が見えている。細部が記録されていなくても、記録としては重要だ。

I was observing alone today. The observation conditions were not good. However, it was dusty near NPC. White clouds were visible on Hellas (275~315W,-30~60). Even if the details were not recorded, it is an important record.

(by 1 observation; reported by Makoto Adachi)
