

Black letters are mainly descriptions of patterns.

Blue letters are descriptions of polar caps and clouds.

Brown letters are the description about dust.

Red is a special note.

今日の報告は Chris Nuttall の一人だけだった。南極付近は眼視観測では、やや明るく見えるが、その様子が記録されている。肉眼でもその様子は何とか見ることができる。現在の様子がよくわかるスケッチだ。

(by 1 observation; reported by Makoto Adachi)

2021, Jan. 05

Today's report was only one of Chris Nuttall. The area around Antarctica looks a little brighter by visual observation, but this is recorded. The situation can be seen with the naked eye. It is a sketch that clearly shows the current situation.
