

Black letters are mainly descriptions of patterns.

Blue letters are descriptions of polar caps and clouds.

Brown letters are the description about dust.

Red is a special note.

井上の画像では Mare Chronium (W170-W220, -58) が、かなり黒く見える。これは、肉眼でもよく見える。むしろ、Mare Sirenum (140W~170W,-30) や Mare Cimmerium (W180~W250,-40~0) のほうが淡く見える時もある。晴れた部分と比べると、まだかなりのヘイズが広がっているらしい。

2021, Feb. 16

In Inoue's image, Mare Chronium (W170-W220, -58) looks quite black. This is also visible to the naked eye. Rather, Mare Sirenum (140W ~ 170W, -30) and Mare Cimmerium (W180 ~ W250, -40 ~ 0) sometimes look lighter. Compared to the sunny part, it seems that the haze is still widespread.
