

Black letters are mainly descriptions of patterns.

Blue letters are descriptions of polar caps and clouds.

Brown letters are the description about dust.

Red is a special note.

2022 年 4 月 2 日 (2022, Apr. 02)

Solis Lacus (W90;-28)の南東側は今シーズンも暗く見えているが、今日はそれほど目立たなくなっていた。全体が黄色くなっていて、非常にダスティーな状態にあることが分かる。SPC は見事にドーナツ状になった。

The southeastern side of Solis Lacus (W90; -28) looks dark this season as well, but today it was less noticeable. The whole is yellow and you can see that it is in a very dusty state. The SPC has become a donut shape.
