

Black letters are mainly descriptions of patterns.

Blue letters are descriptions of polar caps and clouds.

Brown letters are the description about dust.

Red is a special note.

右の画像は、Clyde Foster の今日の観測結果である。観測条件が良くなかったようで、ぼやけているが、光斑は、やや南に広がっているように見える。どうやらローカルダストストームだと言えそうだ。

The image on the right is Clyde Foster's observation results today. It seems that the observation conditions were not good, so it is blurry, but the light spot appears to be spreading slightly to the south. It seems like it's a local dust storm.

(by 1 observation; reported by Makoto Adachi)
