

Black letters are mainly descriptions of patterns.

Blue letters are descriptions of polar caps and clouds.

Brown letters are the description about dust.

Red is a special note.

2025 年 5 月 17 日 (2025, May, 17)

観測報告は一人だけだったが、よく撮れた画像が送られてきた。今日も地表の写らない B 画像がある。Tharsis (80W~120W,+10)の白雲が如何に濃いものかというのがよくわかる。NPC 付近と Argyre (30W,-50 )付近にも雲が記録されている。

Only one person reported an observation, but he sent me some good images. Today, there is also a B image that does not show the surface of the Earth. You can see how dense the white clouds of Tharsis (80W~120W,+10) are. Clouds were also recorded near NPC and Argyre (30W,-50).

(by 1 observation; reported by Makoto Adachi)
